Becauthe Clover cinb does not often get a chance to chivey a a until it real live president of the United States. reliabilities and difficult with this chance they treat and with the castly the same consideraby that it did in tion that they accord to every one. For once they were beaten. The president to it their chaff good naturedly, replying to it in kind, and when they becau sing-ing the club song be stood smiling until the first interval of silence came, and then said, "I come here to speak, and I am going to talk ten minutes, so you will save your own time as well as mine by letting megat through.

As a matter of course almost any printed account of such proceedings will make it appear as if they were more exhibitions of rudeness, and as if no qualification of wit could redeem them, but the truth is that all is done with such perfect good nature and in such a pure spirit of good fellowship and playfulness that it is almost impossible for even a sensitive man to take offense. The whole spirit of the thing seems to be to burlesque the commonplace formalities of after dinner speaking and : the turmoil resembles a battle with snowhalls. No ill natured joke has ever been thrown across the table, nor has there ever been a coarse or an off-colored witticism uttered at a Clover club dinner. It is the perfect good nature and good breeding of the froliesome members that keep the festivities from degenerating. Sarcasm goes, is ship of the crammen of the strong controlling. Sureasingoes, and a day. To be sure, it is but it is of a kind that does not bite, nor be heaving in Paliadelphia where even sting too sharply. Thus, when Col. in the clemnes of that establish J. reply. "I mit gliefy a have asked me this question. Recairs of the analysis of Indian troubles in the daily papers have no dealt toncluded that the I had is without each ception a westine ham, maked as creating and making no open as whatever median troubles are troubles when a new constanting to a proposal for the analysis of the investigation of the attention of the attention and making no open as whatever median terminal energy in the investigation of the attention of and moral, is attended with a thousand difficulties. Car Indian population, which is estimated at about 25 (99), and annost scattered. The Indian reservations comprise 181,000 square undes, an expanse of territory almost as great as that in the

while perhaps the lest that could be dei vised for present purposes, is victors. We set up over them agents to whom are given semi-despute power, and pay the agents such small salaries that it is almost of Indians are kept on their reservations practically prisoners. The issue of rations and annuities tends to produce pauperism. We disburse each year unifions of dodars worth of supplies by contract, and many frauds exist, notwithstanding all vigil ance, the Indian invariably getting the worst of it. The most serious difficulty of all is found, not in the Indians and their conditions, but in the white people with whom they are thrown in contact. On the frontiers the Indian is generally bated and despised. He is looked upon as a fair horders of the reservations, those who have allied themselves by marriage with the tribes, and even those who have been from time to time in government employ, have in many cases presented to the in dians a type of character and a pro-tical philosophy of life on a par with, if not in-ferior to, their own. Added to all this is the natural conservatism of the Indian. the fatural conservation of the clings are now toward, the production medicine, some teach, others are practicing medicine, some teach, others are practicing medicine, some

Pessimism.

A possimistic turn of mind, so called, which leads persons who are afflicted with it to take the worst possible view of things, is sometimes developed quite early in life.

Jeremiah, who is 12 years old, is already a confirmed pessimist. Among the things which he continually grumbles about are his lead pencils, which never have points, and to sharpen which he always has to borrow a knife of some schoolmate.

"Why don't you have a knife of your own, Jerry?" one of the boys asked. "Got no pocket to keep it in," said Jerry.

"Then why don't you have a pocket?" ""F I had one 't 'd have a hole in it." "Well, even then you wouldn't be any worse off than you are now."

"H'm! Yes, I should. 'F I had a pocket 'n' a hole in it I never'd have anything

Jerry sighed deeply, and went on whittling his pencil with the dull blade one of the company remarked after a of the other boy's knife.-Youth's Companion.
